This Ivadale lakes house is only 12 months old and ready for you to unpack and move straight into to create a new home for you and your family.

Set on a quiet street with south westerly views over the Glass House Mountains, this solid brick Dixon built four bedroom home ticks all the boxes. A large master bedroom with walk-in robe and ensuite for the parents and a separate retreat for the kids. It has an open plan entertaining area encompassing a tiled living, dining and a huge kitchen featuring stone tops and sleek new stainless steel appliances. There is a separate media room and ample double garage with space for two cars, all the bikes, scooters and surfboards, this house couldn't get better.

But wait! There's more! We'll throw in a number of great parks just around the corner as well...
