What a position! And the views, STUNNING!

Perfectly positioned on the direct beachfront at Golden Beach, this large three bedroom two bathroom apartment commands dramatic, uninterrupted views which extend beyond Bribie Island and the crystal blue waters of the Pumicestone Passage, to Golden Beach, Caloundra City and the Pacific Ocean. It even enjoys views to the West to the Glasshouse Mountains, superb views from every angle.

Planned to maximize the beautiful blue ocean views, this renovated apartment is situated on the third level and ideally North East facing. The open plan design is spacious with large front and rear balconies and a generous sized renovated kitchen with plenty of cupboard space.

Sleep with an ocean view and enjoy breathtaking views from any of the three bedrooms...
